UBC Graduate and Postdoctoral Studies

Reviewing saved schedule alerts

About saved schedule alerts

If you see an alert on your saved schedule, you may need to complete an action to avoid registration issues.

How to review saved schedule alerts

First, find your saved schedules

Follow the instructions to view your saved schedules in the Academics app.

Next, open available alerts

If any of your saved schedules have issues, an orange "Alert" box will appear in the top right-hand corner. Click the text in the orange "Alert" box to review your alerts.

Review your alerts

If there are alerts on only one saved schedule for the academic period, the alerts will describe the issue.

If there are alerts for two or more saved schedules, the alert will state which saved schedule it is for in parentheses.

UBC Graduate and Postdoctoral Studies

Alerts

1. **Page Alert**
   Your saved schedule is missing course sections that must be taken together: (Schedule 1)

2. **Page Alert**
   Your saved schedule includes course sections that you're not eligible for: (Schedule 1)

3. **Page Alert**
   Your saved schedule includes course sections with time conflicts: (Schedule 1)

4. **Page Alert**
   Your saved schedule includes course sections that you're not eligible for: (Schedule 2)

Alternatively, on the "View My Saved Schedules" page, you can click the magnifying glass next to the saved schedule to see alerts for that schedule.
