Registering for individual course sections

About course registration in Workday

There are 2 primary ways you can register for courses in Workday:

1. Create a saved schedule and register all your courses at once.
2. Register for individual courses one at a time.

This page explains how you can register for a specific course once registration opens for you. If it hasn't opened yet, you can still add courses to your saved schedule for later.

How to register for individual course sections

First, find course sections

Follow the instructions to view the course schedule.

Next, select a course section

1. When you find a course you want to register in, click the course title link.
