Viewing your registration appointment

About registration appointments

- A registration appointment refers to the date and time you are first able to register for courses in the upcoming academic session.
- For graduate students, your registration appointment is determined by your faculty and your year level.
- If you are enrolled in more than one program, you will be assigned two registration appointments. For example, you may be an undergraduate dual degree student. In this case, you can register in courses for both programs on your earliest registration date.
- Registration appointments are assigned 2 to 3 weeks before the start of an upcoming session registration period. You'll receive an email about a week before you can register for courses.
