Adding a course waitlist to your saved schedule

About waitlists

- A waitlist may be set up when a course section is full. If you try to register in a course that is full **and** has a waitlist, you will be added to the waitlist until a seat becomes available for you to register.
- Adding yourself to a waitlist does not guarantee that you will be able to register in the course. You will only be able to register in the course if you receive an invitation to register once a seat opens.
- You can add yourself to as many waitlists as you want.

How to add a course waitlist to your saved schedule

First, find a course section

Follow the steps to view the course schedule.

Add a waitlist to your saved schedule

1. Once you have found the course section you want to join the waitlist for, click the course title to go to the “View Course Section” page.
2. Review the course description for registration requirements. These may include prerequisite and corequisite courses, or additional sections you must also enroll in. Learn more about prerequisite and corequisite courses on the [Academic Calendar](#).
3. Click the orange “Add to Saved Schedule” button at the bottom of the page if you want to add the waitlist to your saved schedule.

Example Scenario 3: The course has one required course activity with a waitlist and another course activity that has seats available.

If your selected course has one required course activity with a waitlist and another course activity that has seats available, you will be added to the waitlist for the unavailable course activity. To register in the course fully, you must receive an invitation to enrol in the unavailable course activity, even if other required courses activities have seats available.

For example, there may be a seat available in the lecture section for a course, but the required lab section is full. You won't be able to register for the lecture until a seat for the lab section becomes available.
