Infection and Immunity

Title of Priority Announcement/Funding Pools:

Doctoral Research Award - Priority Announcement - Infection and Immunity

Linked Programs:

Participants Signatures

The participants are in the following order when applicable: Principal Knowledge User, Knowledge Users, Principal Applicant and Co-Applicants, Primary Supervisor and Supervisors.

It is agreed that the general conditions governing grants and awards, as well as the statement "Meaning of Signatures on Application Forms" as outlined in the CIHR Grants and Awards Guide, apply to any grant or award made pursuant to this application and hereby accepted by the participant(s).

For those assuming the role of CIHR reviewer in other funding competitions, information supplied in this application (including CV information) may be used for the purpose of informing the validation process of applications to reviewers. Accordingly, information from your application may be made available to CIHR Competition Chairs and Scientific Officers.

Supervisor(s) Signatures (If applicable)

It is agreed that the general conditions governing grants and awards, as well as the statement "Meaning of Signatures on Application Forms" as outlined in the CIHR Grants and Awards Guide, apply to any grant or award made pursuant to this application and are hereby accepted by the applicant's supervisor(s).

The author(s) of the Summary of the Research Project included in the candidate's application also agree that it accurately describes the training program proposed.

Consent to Disclosure of Personal Information

I understand that maintaining public trust in the integrity of researchers is fundamental to building a knowledge-based society. By submitting this application or by accepting funding from CIHR, NSERC and/or SSHRC, I affirm that I have read and I agree to respect all the policies of these Agencies that are relevant to my research, including the *Tri-Agency Framework: Responsible Conduct of Research* (<http://www.rcr.ethics.gc.ca/eng/policy-politique/framework-cadre/>).

In cases of a serious breach of agency policy, the agency may publicly disclose any information relevant to the breach that is in the public interest, including my name, the nature of the breach, the institution where I was employed at the time of the breach, the institution where I am currently employed, and the recourse imposed against me.

I accept this as a condition of applying for or receiving Agency funding and I consent to such disclosure.

The name and affiliation of the primary supervisor must be listed.

Title:

Internal Test (640 characters max)

Primary location where research to be conducted: University of British Columbia

Faculty: Faculty of Medicine

Department: Pathology and Laboratory Medicine

Institution which will administer project funds (Institution Paid):

University of British Columbia

Location of proposed Activity:

Period of support requested: 3 Year(s) Month(s)

THE FOLLOWING SECTIONS ARE NOT APPLICABLE TO ALL PROGRAMS

Budget section - Amounts Requested from CIHR in the First Full Year:

Operating: 0

Equipment: 0

Total Amount Requested: \$0

New

Renewal

Funding Reference Number (FRN):

Is this application a resubmission of a previously unsuccessful new application?

Yes No

Is this application a resubmission of a previously unsuccessful renewal application?

Yes No FRN #:

Have you applied to this program in the last two years?

Yes No

Is this a multi-center study?

Yes No

Certification Requirements

- Human subjects Human stem cells Animals Biohazards
- Environmental Impact Containment Level

In order to carry out the proposed research in this application, an exemption from Health Canada under Section 56 of the Controlled Drugs and Substances Act is required. I agree to obtain an exemption from Health Canada to use the controlled substance for research purposes, as needed.

Other Project Information

For statistical purposes, does this application propose research involving Indigenous peoples? Yes No

Is sex as a biological variable taken into account in the research design, methods, analysis and interpretation, and/or dissemination of findings? Yes No

Is gender as a socio-cultural factor taken into account in the research design, methods, analysis and interpretation, and/or dissemination of findings? Yes No

Please describe how sex and/or gender considerations will be integrated into your research proposal or explain why sex and/or gender are not applicable to your research proposal:

***Instructions to applicants*:** Indicate if sex (biological) and/or gender (socio-cultural) considerations are taken into account in this study. For guidelines to sex and gender based analysis, please consult the CIHR website (<http://www.cihr-irsc.gc.ca/e/50836.html>). Also describe how sex and/or gender considerations will be considered in your research design or are not applicable (limit of 2000 characters, including spaces).

Citizenship*

- Canadian Permanent Resident since: _____

Lay Title and Lay Abstract

Lay Title:

Internal Test: Provide a title for the project that is in a language clear to the general public (200 characters max).

Lay Abstract:

Internal Test: Describe the project in a way that is accessible to a lay audience (2000 characters max).

Training Expectations

Required, 2 pages maximum

Instructions:

Applicants are to:

- Describe their professional, academic and extracurricular experiences/achievements and how it will contribute to their training success.
- Describe how the training they expect to acquire will contribute to their productivity and to the research goals they hope to achieve.
- Describe how their expected training strives to foster impacts within and beyond the research environment and will contribute to the Canadian research ecosystem during and beyond the tenure of the award.
- Indicate why they decided upon the proposed training location and what they expect to learn from the training experience.
- If registered in a joint doctoral program (e.g. MD/PhD, DVM/PhD) or a clinically-oriented doctoral program, they must provide a description of how their program contains a significant research component.
- **Maximum 2 pages** (Refer to the *General Application Process* section at top of this document for formatting instructions).

Formatting instructions:

- Applicants **are not required** to indicate their name, the project title, the section title (e.g., Research Project Summary) and the page number for each application section.
- For the submission of attachments, candidates must use either Arial, Calibri or Times New Roman font size of 12 point, black type (other font may be used, but must be of similar size appearance of those indicated). Maximum of six lines per inch, margin of 2 cm (3/4 inch) – minimum – around the page. Do not use condensed/narrow font sizes, type density, or line spacing. Smaller text in tables, charts, figures, graphs, and references (format at discretion of candidates) is acceptable, as long as it is legible when the page is viewed at 100%. **Note:** failure to comply with these requirements can negatively impact the status and evaluation of your application in a competition.
- Any information that exceeds the page/character limits, or is not required, will be removed from the application prior to peer review.

Instructions on ResearchNet:

Fields that appear in bold with an Asterisk * are mandatory. It is important to save any additions or changes before navigating away from this page.

All attachments must adhere to the guidelines for attachments on the [Acceptable Application Module Formats](#).

Attachments must be uploaded in PDF format. The total size of the attached document(s) cannot exceed 30Mb.

ResearchNet verifies the number of pages submitted for PDF attachments.

Research Project Summary

Required, 1 page maximum

Instructions:

- Should clearly describe the applicant's role on the project.
- Should be written in general scientific language, which is an important skill to acquire for future success in the research environment as applications are being reviewed by multi-disciplinary committees.
- Should be specific, focused, include feasible research question(s), objective(s) and provide a clear description of the proposed methodology.
- **Maximum 1 page**, including references. (Refer to the *General Application Process* section at top of this document for formatting instructions).

Formatting instructions:

- Applicants **are not required** to indicate their name, the project title, the section title (e.g., Research Project Summary) and the page number for each application section.

This document will serve to determine the most appropriate peer review committee to which the application will be assigned.

Ce document servira à déterminer le comité d'évaluation le plus approprié auquel la demande sera assignée.

In consulting the web page *Peer review: Information on Peer review committees* (<http://www.cihr-irsc.gc.ca/e/40194.html>), the candidate must select the most appropriate scientific area (representing more than fifty percent) for the application.

En consultant la page web *Évaluation par les pairs : Renseignements sur les comités d'évaluation par les pairs* (<http://www.cihr-irsc.gc.ca/f/40194.html>), le candidat doit sélectionner le domaine scientifique le plus approprié (représentant plus de cinquante pourcent) pour la demande.

Biomedical Research

Recherche biomédicale

Health Research

Recherche en santé

By signing this document the supervisor confirms that they assisted the candidate in selecting the most appropriate scientific area for the application.

En signant ce document, le directeur de recherche confirme avoir accompagné le candidat dans la sélection du domaine scientifique le plus approprié pour la demande.

Primary Supervisor
or co-supervisor (if
applicable)

Directeur de recherche
principal ou co-directeur de
recherche (si applicable)

Signature

Date

Supervisor's signature can be obtained at a later date. If an applicant is selected by UBC to be nominated to the national competition, the applicant will be contacted in November to complete this form.

DOCTORAL STUDIES TIMELINES

Example: The student started their PhD in January 2018.

The information contained in this form will be used by CIHR to assess candidates' eligibility for the following funding opportunities:

- Frederick Banting and Charles Best Canada Graduate Scholarships Doctoral Award (CGS-D)
- Doctoral Foreign Study Award (DFSA)

Candidates must provide a timeline of their doctoral studies to date using the table below. This timeline must be consistent with the official transcripts provided.

1. Candidates must indicate the calendar year (January to December) in the appropriate field.
2. For each term, candidates must indicate if they were/are registered either full time, part time or if they were/are on leave (or not registered) by selecting the appropriate box.
3. If candidates were/are registered in a combined undergraduate and doctoral program (e.g., MD/PhD) they must indicate in which portion of the program they were/are registered for each term (PhD or non-PhD). An appendix is provided as an example on the following page.

Number of Months Cumulated in Doctoral Studies	Full-Time PhD	Part-Time PhD	On Leave/Not Registered	Combined Program (Non-PhD portion)
CALENDAR YEAR:				
Winter term 17W Term 2	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Summer term 18S	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Fall term 18W Term 1	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
CALENDAR YEAR:				
Winter term 18W Term 2	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Summer term 19S	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Fall term 19W Term 1	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
CALENDAR YEAR:				
Winter term	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Summer term	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Fall term	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
CALENDAR YEAR:				
Winter term	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Summer term	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Fall term	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Appendix

The table below provides an example of a candidate registered in a combined MD/PhD program which started in the 2018 winter term.

The applicant started the PhD portion of his full-time in the Winter 2018 term and continued them until the end of the Fall 2018 term. The candidate subsequently undertook an MD portion of his studies during the Winter and Summer terms of 2019, and then went on to pursue another PhD portion of his studies in the Fall term of 2019 (also at full-time).

Below is how the information would be recorded in the table.

Number of Months Cumulated in Doctoral Studies	Full-time PhD	Part-Time PhD	On Leave/Not Registered	Combined Program (Non-PhD)
CALENDAR YEAR: 2018				
Winter term	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Summer term	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Fall term	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
CALENDAR YEAR: 2019				
Winter term	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Summer term	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Fall term	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Official Transcripts

Applicants **are required** to provide the following documents, which must be uploaded as a single PDF document (unprotected) not to exceed 30 MB under "**Transcripts**" in the "**Attach Other Application Materials**" task:

1. Complete and print the *Doctoral Studies Timelines* form available from the CIHR website under [Index of Funding Related Forms](#).
2. Up-to-date official transcripts of the applicant's complete academic record (this includes all undergraduate and graduate studies, completed or ongoing). Instructions below must also be followed:
 - One copy of the legend (reverse of each transcript) must be included;
 - Transcript text must be horizontal and uploaded in order from least recent to most recent. Original copies of any uploaded transcripts must be retained since they may be requested by CIHR for verification purposes at any point in the process.

Note 1: Transcripts printed from the applicant's personal institution account are not accepted.

Note 2: Up-to-date official transcripts are defined as transcripts issued by the Registrar's Office and dated or issued in the fall session of the year of the application (if currently registered) or after the last term completed (if not currently registered). Opening the envelope to scan the transcript will not render it unofficial for CIHR's purposes.

Note 3: Certified true copies of official transcripts from the institution are accepted. A certified true copy is defined as a copy of the original document (or of the original translated document if official transcript is not in either English or French).

Note 4: Applicants who are or were registered at an institution that does not provide transcripts must submit, in lieu of a transcript, a letter bearing the official institution seal/stamp or a letter signed by the Dean of Graduate Studies confirming the applicant's program of study, the applicant's registration status, the date of initial registration, the degree obtained or sought and the fact that the institution does not provide transcripts.

User Profile

Disciplines Trained In: Cell Biology

Research Disciplines: Climatology and Meteorology

Areas of Research: Prediction and Climatic Modeling

Fields of Application: Environment

Research Specialization Keywords: atmospheric science

Degrees

2019/9 (2023/5)	Doctorate, Doctor of Philosophy, Botany, University of British Columbia Degree Status: In Progress Transferred to PhD without completing Masters?: Yes
2018/9 (2023/5)	Master's Thesis, Master of Science, Botany, University of British Columbia Degree Status: In Progress
2015/9 - 2018/5	Master's Thesis, Master of Science, Atmospheric Science, University of British Columbia Degree Status: Completed
2011/9 - 2015/5	Bachelor's Honours, Bachelor, Atmospheric Science, University of British Columbia Degree Status: Completed

Recognitions

2019/9 - 2023/8	Four Year Fellowship - 72,800 (Canadian dollar) University of British Columbia Prize / Award
2015/9 - 2016/8	NSERC CGSM - 17,500 (Canadian dollar) Natural Sciences and Engineering Research Council of Canada (NSERC) Prize / Award

Employment

2015/9 Graduate Awards Manager
University of British Columbia

Affiliations

The primary affiliation is denoted by (*)

(*) 2019/9 Doctoral student, University of British Columbia

Leaves of Absence and Impact on Research

2016/9 - 2017/8 Medical, University of British Columbia

Instructions to applicants: Describe any special considerations that have had an effect on their performance or productivity. Applicants must include any considerations that may have resulted in delays in disseminating their research results, such as health problems, family responsibilities, disabilities or other circumstances (for example, the time necessary to complete a monograph, file a patent, or commercialize an industrial process or product). Applicants must explain any gaps in the chronology of their experience.

Research Funding History

Awarded [n=1]

2018/9 - 2018/12 Principal Applicant **Sample research grant** (not a scholarship) Scholarships and awards should be listed under "Recognitions".

Funding Sources:

2018/9 - 2018/12 Plant Products Co Ltd
Total Funding - 500 (Canadian dollar)
Funding Competitive?: Yes

Contributions Details - Publications List

Optional

Instructions:

This section allows the applicant to include supplemental information for each entry made under the “Publications” section in their CCV, that is:

- For each multi-authored publication, define their role in the publication and indicate their percent contribution to the team effort.
- Only include publications that have been accepted or are in press. Do not include publications in preparation or submitted, unless available in a recognized scientific public archive (e.g. preprints). **Note:** Applicants are also invited to comment on environmental factors that affected their capacity to publish.
- Only entries with dates within the past 5 years may be submitted.
- Refer to the *General Application Process* section at top of this document for formatting instructions.
- The document must be uploaded in PDF format (unprotected) and the total size cannot exceed 30 MB.
- Maximum 2 pages are permitted

Formatting instructions:

- Applicants **are not required** to indicate their name, the project title, the section title (e.g., Research Project Summary) and the page number for each application section.
- For the submission of attachments, candidates must use either Arial, Calibri or Times New Roman font size of 12 point, black type (other font may be used, but must be of similar size appearance of those indicated). Maximum of six lines per inch, margin of 2 cm (3/4 inch) – minimum – around the page. Do not use condensed/narrow font sizes, type density, or line spacing. Smaller text in tables, charts, figures, graphs, and references (format at discretion of candidates) is acceptable, as long as it is legible when the page is viewed at 100%. **Note:** failure to comply with these requirements can negatively impact the status and evaluation of your application in a competition.
- Any information that exceeds the page/character limits, or is not required, will be removed from the application prior to peer review.
