

**[Example for doctoral committees with one supervisor – remove material in square brackets [ ] before adding the page to your thesis.]**

The following individuals certify that they have read, and recommend to the Faculty of Graduate and Postdoctoral Studies for acceptance, the dissertation entitled:

Materials from mines: an analysis of uses in manufacturing

submitted by The Student in partial fulfillment of the requirements for

the degree of Doctor of Philosophy

in Materials Engineering

**Examining Committee:**

John Smith, Materials Engineering

Supervisor

Mary Maker, Materials Engineering

Supervisory Committee Member

Supervisory Committee Member

Magnus Monolith, Materials Engineering

University Examiner

George Digger, Mining Engineering

University Examiner

**Additional Supervisory Committee Members:**

Iva Crater, Materials Engineering

Supervisory Committee Member

Adeline Long, CEO of Aerial Machine Transportation, Inc.

Supervisory Committee Member

**[Example for doctoral committees with two co-supervisors – remove material in square brackets [ ] before adding the page to your thesis.]**

The following individuals certify that they have read, and recommend to the Faculty of Graduate and Postdoctoral Studies for acceptance, the dissertation entitled:

Identifying committee members in a UBC thesis

---

submitted by The Student in partial fulfillment of the requirements for

the degree of Doctor of Philosophy

in Materials Engineering

**Examining Committee:**

John Smith, Materials Engineering

Co-supervisor

Mary Maker, Materials Engineering

Co-supervisor

Supervisory Committee Member

Magnus Monolith, Materials Engineering

University Examiner

George Digger, Mining Engineering

University Examiner

**Additional Supervisory Committee Members:**

Iva Crater, Materials Engineering

Supervisory Committee Member

Adeline Long, CEO of Aerial Machine Transportation, Inc.
