

UBC's Faculty of Education

is a leader in educational research and practice

within BC, Canada and the world. Our internationally renowned scholars and talented graduate students collaborate with local and international community partners to generate new knowledge and to advance understanding, practice, and policy in education.

Research Strengths & Facilities

Our scholars link educational research to local and global community needs, inform theory, practice and policy, and introduce innovative research methods. Notable strengths are in literacy, struggling and marginalized youth, Indigenous education and research, transformational curriculum design, social-emotional well-being, autism, and multidisciplinary research in diversity, health and digital media.

We provide outstanding research facilities for faculty and graduate students that promote leading-edge research. Our **Education Library** is a specialized resource with access to all of UBC's research and special collections, including the **Xwi7xwa (Indigenous) Library** with materials produced by Indigenous organizations, tribal councils, schools, researchers and publishers.

Additional research infrastructure includes support for the development of faculty research funding proposals from experienced research grant facilitators and personnel with expertise in budget management, project management and information technology planning.

Graduate Programs

- ▶ Adult Learning and Education (MEd)
- ▶ Adult Learning & Global Change (MEd)
- ▶ Art Education (MA, MEd)
- ▶ Counselling Psychology (MA, MEd, PhD)
- ▶ Cross-Faculty Inquiry in Education (MA, MEd, PhD)
- ▶ Curriculum & Leadership (MEd)
- ▶ Curriculum Studies (MA, MEd, PhD)
- ▶ Early Childhood Education (MA, MEd)
- ▶ Educational Administration & Leadership (MEd)
- ▶ Educational Leadership & Policy (EdD)
- ▶ Educational Studies (MA, MEd, PhD)
- ▶ Educational Technology (MET)
- ▶ Higher Education (MEd)
- ▶ Home Economics Education (MA, MEd)
- ▶ Human Development, Learning, & Culture (MA, MEd, PhD)
- ▶ Kinesiology (MA, MKin, MSc, PhD)
- ▶ Language & Literacy Education (PhD)
- ▶ Literacy Education (MA, MEd)
- ▶ Mathematics Education (MA, MEd)
- ▶ Measurement, Evaluation & Research Methodology (MA, MEd, PhD)
- ▶ Modern Languages Education (MA, MEd)
- ▶ Museum Education (MEd)
- ▶ Music Education (MA, MEd)
- ▶ Physical Education (MA, MEd)
- ▶ School Psychology (MA, MEd, PhD)
- ▶ Science Education (MA, MEd)
- ▶ Social Studies Education (MA, MEd)
- ▶ Society, Culture & Politics in Education (MEd)
- ▶ Special Education (MA, MEd, PhD)
- ▶ Teaching English as a Second Language (MA, MEd, PhD)
- ▶ Technology Studies Education (MA, MEd)
- ▶ Vocational Rehabilitation Counselling (MA)

The Faculty of Education at UBC

is advancing educational research and understanding in ways that celebrate diversity, equity, and innovation, and welcomes international collaboration in an increasingly borderless world.

— Dr. Blye Frank, Dean of Education

Education Facts

- ▶ Home to **4 Canada Research Chairs** and **10 donor-funded research chairs and professorships**.
- ▶ **National leader** in the number of **education graduate student fellowships** received from the Social Sciences & Humanities research council (SSHRC).
- ▶ Internationally recognized collaborative **research in language and literacy** via dedicated partnerships in the Pacific Rim and Africa.
- ▶ **Excellence in Indigenous education and research**, with the largest number of Indigenous doctoral students of any Faculty of Education in North America and the largest number of Indigenous tenured/tenure track faculty at a Canadian university.
- ▶ **15 research labs** that cover the full range of **Kinesiology research** scholarship, including sport and exercise psychology, genetics and biomechanics, exercise physiology, cardiovascular rehabilitation, neurophysiology of movement and posture. Graduate supervisors hold funding from all three major Canadian funding agencies (SSHRC, CIHR, NSERC).
- ▶ Outstanding **expertise in special education**, with substantial funding for research and graduate programs in autism, sensory impairments, and learning disabilities.

Admissions

Graduate and Postdoctoral Studies establishes common minimum admission requirements. Your graduate program may have additional requirements. Please refer to the Education website or the program website for details.
