MEDICINE FACTS
Every day across British Columbia, trainees and researchers at the UBC Faculty of Medicine are turning skills into jobs, investments into discoveries, and discoveries into solutions that are transforming health for everyone.

UBC’s Faculty of Medicine offers a diverse array of training opportunities including cutting-edge research experiences in the biosciences, globally recognized population health education, quality health professional training, as well as several certificate and online training options. Medicine is home to more than 1,700 graduate students housed in 28 graduate programs (14 of which offer doctoral research options). Year after year, research excellence in the Faculty of Medicine is supported by investment from funding sources here at home and around the globe, receiving approximately $1.6 billion in total research funding in the last five years.

MEDICINE
UBC FACULTY OF

CENTRES & INSTITUTES
Most Faculty research is conducted under the auspices of six institutes and 24 centres that are part of UBC or affiliated with it, in collaboration with our health partners. A full list, including site links, is available at: www.med.ubc.ca/research/centres-institutes.

GRADUATE PROGRAMS
Our province-wide programs provide opportunities for training in subjects ranging from the diversity of basic biomedical sciences, to clinical and health services research. Additional information about each of the programs listed below is available at: grad-postdoc.med.ubc.ca/prospective-students/degree-programs.

ADMISSIONS
Graduate programs in the Faculty of Medicine are administered by the University of British Columbia Faculty of Graduate and Postdoctoral Studies. While UBC has general admissions requirements that must be met, each individual graduate program may have additional requirements. For example, the English language proficiency requirement is higher in most Faculty of Medicine programs than the minimum university requirement. For more details, please visit the websites of the individual programs.

FINANCIAL SUPPORT
Financial support for graduate students typically comes from one or more of four basic sources: merit-based awards administered by Graduate and Postdoctoral Studies; teaching and/or research assistantships; need-based awards; and direct awards from external agencies. Specific graduate student awards are available to research trainees registered in Medicine or supervised by a faculty member with a primary appointment in the Faculty of Medicine.

BIOMEDICAL RESEARCH
- Audiology & Speech Sciences (PhD)
- Biochemistry & Molecular Biology (MSc, PhD)
- Biomedical Engineering (MEng, MSc, PhD)
- Cell & Developmental Biology (MSc, PhD)
- Experimental Medicine (MSc, PhD)
- Interdisciplinary Oncology (MSc, PhD)
- Combined MSc/PhD
- Medical Genetics (MSc, PhD)
- Neuroscience (MSc, PhD)
- Pathology & Laboratory Medicine (MSc, PhD)
- Pharmacology (MSc, PhD)
- Rehabilitation Sciences (MSc, PhD, MPT/PhD)
- Dual Degree, MPH
- Reproductive & Developmental Sciences (MSc, PhD)
- Surgery (MSc)
- Women’s and Children’s Health Sciences (MSc, PhD)

POPULATION & PUBLIC HEALTH
- Health Administration (MHA)
- Health Sciences (MPh)
- Occupational and Environmental Hygiene (MSc)
- Population and Public Health (MSc, PhD)
- Public Health (MPH, MPh/ MSc)

HEALTH PROFESSIONAL
- Audiology & Speech Sciences (MSc)
- Genetic Counselling (MSc)
- Global Surgical Care (MSc)
- Occupational Therapy (MOT)
- Physical Therapy (MPT, MPT/PhD, PhD)
- Dual Degree
- Reproductive & Developmental Sciences (MSc, PhD)

THE UNIVERSITY OF BRITISH COLUMBIA
UBC is one of the world’s great public universities, encouraging bold thinking, curiosity and initiative, so our students can realize their greatest potential. We hold a reputation for excellence in advanced research and learning, supported by world-class faculty, postdoctoral fellows, students and research facilities across all major academic disciplines.

GRAD SCHOOL AT UBC
UBC offers more than 300 master’s and doctoral programs in nearly every academic field imaginable. Discover more: grad.ubc.ca / grad-postdoc.med.ubc.ca
